

ShiftWise is pleased to announce the release of several new features!

- **<u>Reporting Field Label Change</u>** The reporting field previously labeled **Offered to Client Date** has been updated to **Presented to Client Date**.
- Exact Name Search on Staff List Page* Restrict your search to display staff that matches the name exactly as typed rather than sound-alikes.
- <u>Enter Key Functionality Update*</u> On the Orders, Staff and Timeslips List Page search filters, you can now press the Enter key on your keyboard rather than clicking the **Go** button within ShiftWise to display search results.

*Special thanks to our Riverside, CA Customer Advisory Board for recommending these enhancements!

Exact Name Search on Staff List Page

There is now a checkbox located on the Staff List page search filter area which enables you to search for staff members by exact last name, rather than sound-alikes. When the **Match Last Name Exactly** checkbox is checked, the results will include staff that exactly matches the name keyed into the **Last Name** field. If you would like to return to previous functionality, which displays sound-alikes, simply remove the checkmark in the Match Last Name Exactly checkbox.
