

New Release: Notification Updates
Release Date: 1/11/18

Notification Updates

In a routine review of system performance, our Engineering team identified a few inconsistencies related to several notification processes. The notifications which were impacted included:

1. LT Booked Order Staff Is Not Exact Match
2. PD Booked Order Staff Is Not Exact Match
3. LT Booked Order Staff Needs Verification
4. PD Booked Order Staff Needs Verification
5. LT Confirmed Order Staff Is Not Exact Match
6. PD Confirmed Order Staff Is Not Exact Match
7. LT Confirmed Order Staff Needs Verification
8. PD Confirmed Order Staff Needs Verification

This release repaired any inconsistencies found. If necessary, you may need to update your notification settings to disable or enable notifications for your profile.
