

New Release: Default Search Criteria on Timeslip and Order List Pages, Include LT w/o Schedule Default, Misspellings/Grammar Fixes

Audience: HDO and MSP

Release Date: 3/8/18

We are pleased to announce the release of new features and updates!

Default Search Criteria Update

Previously the 'Date Between' fields on the following pages, were set to a default date range: Timeslip, Per Diem Order, and Long Term Order List Page. With this release, when you first navigate to the page, a message will display requesting that you select the search criteria. Once selected, click the Go button to populate the page.

Sticky filters (field settings within the search area that "stick" based on how the user sets them when navigating from one page to another) remain until the user logs out or their session expires.

Timeslip List Page

The screenshot shows the ShiftWise interface for the Timeslip List page. The search area includes fields for Order Type, Org Type, Organization, Facility, and Unit/Dept. There are also date range fields labeled 'Date between' with values 2/5/2018 and 3/21/2018. A 'Go' button is highlighted with a red box. A red text box at the bottom of the search area reads 'Please select search criteria and click Go.'

Please select search criteria and click Go.

★ Tip!

Remember, when initiating a search on the pages above, an alternative to clicking the Go button is to select the Enter key on your keyboard.

Long Term Orders Without Schedule Feature Update

On the Timeslip List page this feature default was inactive (checkbox unchecked). With this release, the feature now defaults active (checkbox checked).
