

Employee Time Keeping and Attendance Management

CLIENT SPOT LIGHT

Memorial Health System Results:

- Reduced by 80% the number of checks cut to agencies.
- Eliminated the use of manual, paper based time slips.
- Saved time and money while achieving accurate reporting.

With ShiftWise Staff Time Tracker (STT), you have the ability to leverage the flexibility of the internet for internal and external employee time keeping.

You can now maintain continuity of employee labor rules between time and attendance, scheduling, shift management and payroll from one convenient location.

ShiftWise Staff Time Tracker (STT) allows you to replace your traditional time cards with a secure, web based, punch in/out system.

- *Easy to deploy and manage*
- *Approve employee time from any internet access point*
- *Tailored to your health systems work rules and policies*
- *Track standard and overtime hours worked in real time*
- *Manage accurate data that ensures error free billing*
- *Complete time slips and check balances online*

With secure user logins, terminal restriction and punch time capability, ShiftWise Staff Time Tracker gives you both the convenience of easy access and the comfort of a secure process.

“We no longer worry about over or under paying agency staff now that we are using Staff Time Tracker. Our agency staff like how easy it is to use and our finance department appreciates the streamlined billing process that results from having significantly more accurate time tracking.”
