

ShiftWise HASC Member Customer Case Study

Difficulties

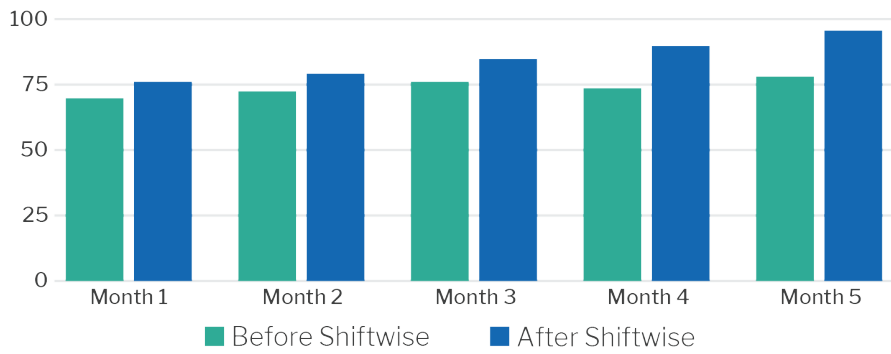

A HASC member wanted a way to efficiently improve the quality of their contingent workforce. Manually sorting through resumes and job applications was a daunting task. The overarching goal of all health care systems is to achieve the highest level of patient care, and a very important contributing factor to that is successfully hiring the most highly qualified candidates.

ShiftWise Solution

ShiftWise's innovative, cloud-based staffing technology helps you find, manage, and ultimately keep quality healthcare talent. Here are ten features of ShiftWise's VMS solution that can keep your healthcare facility's staff up to your standards:

1. **Automated notifications:** Never miss a beat with automated, personalized notifications that tell you everything you need to know.
2. **Credential management:** Get detailed notifications as to when an employee's continuing education credentials are expiring, and quickly get them back on track.
3. **Vendor tiering:** Every client is provided with a personalized Account Management Team that helps analyze your local market to find the right staffing vendors for you.
4. **Staff profiles:** Need to know whose birthday is coming up soon? How about past work experience? All of this and more is available with comprehensive staff profiles.
5. **Staff grading:** Get a feel for how an employee is doing in their position with widespread staff grading.
6. **Workflow analytics:** Gain visibility into every aspect of your workplace, from open shifts to average hours worked.
7. **Time slip reports:** See when your employees normally punch in or out on any given day.
8. **Visit history:** Get insight into who your daily visitors are with a detailed visitor history.
9. **Invoice reports:** See when and how often invoices are being paid across your facility.
10. **Cost center reporting:** See exactly where your money is going, helping you decide whether changes need to be made.
11. **Be prepared for the Joint Commission:** Too many healthcare employees, nothing is more nerve-racking than a visit from the Joint Commission. Their surveys, while absolutely necessary to ensure quality, can be complex. Many healthcare facilities are caught off-guard. With ShiftWise, this won't be the case. ShiftWise helps you stay prepared by managing employees' expiring credentials, arranging employee training, and tracking time-stamped activity. With ShiftWise, you'll always be expecting the unexpected.
